To the First Graduating Class of Deer Lakes Senior High School

We extend our heartiest congratulations and best wishes to you, the first graduating class of Deer Lakes Senior High School. You had a big responsibility in setting traditions and charting a course that future classes will follow. Because you as a group wanted to be a class that you and others could be proud of, you succeeded. We take pride in your attitude and in your accomplishments.

You have completed twelve years of formal education. We trust that even though for many of you this will be the last formal education that even though for many of you this will be the last formal education that you will never stop the learning process of changing and adapting to meet new situations. May your hopes and aspi ations be high and that these come true for each of you.
